

# International Center for Promotion of Enterprises

## ABOUT US

The International Center for Promotion of Enterprises (ICPE) is an intergovernmental organization dedicated to improving governance and administrative competencies. Established as a platform for knowledge exchange and collaborative development, our commitment is to serve as a bridge between nations, enhancing cooperation and driving sustainable progress in the public sector.

## OUR ACTIVITIES

### Capacity Development

**International Training Programmes, modules and workshops** for government officials, policy makers, and business executives; **International Immersion Programmes** for graduate and post-graduate students in public sector management.

### Advocacy & Convening

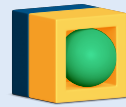

ICPE contributes to international development, focusing on the UN Sustainable Development Goals 2030. We organize **international conferences** and establish **expert groups**, aiming to facilitate development cooperation.

### Tailor-made Projects

Our customized engagements foster **entrepreneurial spirit** and **intercultural connections**, specifically developed to reflect the unique aspirations of each member state in reinforcing international ties.

14 Member States from Africa, Asia, Europe and Latin America

Collaborative approach for optimal solutions

Amplifying South-South cooperation with European perspectives

Supporting research for efficient public sector management
